

Greetings! Last year, we experienced God's provision in amazing ways. We started in December 2014 with no money, a borrowed home, and one child. Two years later, we are celebrating the holidays in a brand new home with 4 special children!

In the last year, we have been able to grow and help more children and adults with special needs. At our school, we helped 49 children by offering them special education, physical therapy, and life skills training. In our program for adults, we offered gardening, cooking, and finance classes to 15 students in our community. And through our Love Extended campaign, 4 physical therapists and 1 occupational therapist came to train more than 80 families.

We are excited for what 2017 will bring. We have plans to build a second house and accept more children in need of a loving home. We are partnering with a local organization that will help us build a new school building to meet our growing needs. And, we hope to expand our adult training program from one afternoon a week to four.

None of this could have been possible without the generous support of those partnering with us. Thank you for your prayers and donations in 2016. Please join us in prayer in the new year as we continue to reach out to our community and spread hope to children and adults with special needs and their families.
